To Goethe Institute, Tel-Aviv

Shalom.

My name is Dr. Shahaf Hagafny, and I am one of the seven people that visited Frankfurt this month as a delegation of Goethe Institute in Tel-Aviv. We were seven librarians from all kind of organizations (public, academic, special, schools and Israeli Center of Libraries – ICL)

The journey was organized by your institution and financed by you and by Bibliothek & Information International (BII), and we thank you for your kindness.

The journey was very effective and professional. I personally was interested at the University Library of Frankfurt and especially from their Judaica and Hebraica collections.

Some places and functions were new for me and I learned a lot there. One of them was the EKZ Bibliothesservice in Reutlingen. The second was the Stiftung Lesen in Mainz. I was excited to know about the collaboration between the Foundation and the Center of Educational Technology (CET) in Tel-Aviv.

It was also wary important to me to meet colleges like Mr. Alexander Budjan, Dr. Rachel Heuberger, Dr. J. Hasenclever, Dr. s. Homilius, Mrs. F. Ottand and Mrs. Banholczer.

Frankfurt is a beautiful city with a lot of Museums, Botanical Gardens and Flee Market. We were impressed also from the new synaguge in Mainz and the Jewish Museum in Frankfurt.

I am very glad to be one of the group and I thank again to you and to the BII. But most of all we are grateful to Mrs. Toni Buda. She was wonderful and we are glad that she was there and that she is our friend.

Dr. Shahaf Hagafny,

Chairman of Asi-Asmi Organization
